www.aallonharja.net

Environmentally friendly day-to-day life

Aallonharja's waste management is carbon-neutral as the CO2 emissions are offset by afforesting sustainable carbon sinks. Aallonharja utilizes its own solar panels for electricity production and all purchased electricity comes from 100% renewable sources. Aallonharja is BREEAM rated on level Very Good.

Premises to meet your needs

Are you looking for an open office that emphasizes socializing and working together, or for closed-in offices? **We tailor space solutions and the interior to meet your needs and wishes.**

Handy pop-up offices

Aallonharja also provides a simple solution for random and temporary space needs. Pop-up offices serve flexibly as, for example, group project workspaces.

Space for all kinds of meetings

The meeting rooms of Aallonharja have been reformed from top to toe and they serve small and large groups with high quality. Aallonharja has two meeting rooms that are both cosy and luminous, and have state of the art technology. A 45-seat auditorium is available for larger events.

Coffee with friends

The new café in Aallonharja's D-building offers relaxation in the hustle and bustle of day-to-day life. Coffee, tea, refreshments, sweet and savory pastries – what would you like today? Sit down for a chat with your colleagues.

Professionals of good first impressions

Aallonharja's concierge personnel takes care of the safety and smooth day-to-day life of the premise users. They always provide professional service and represent your company in a high-quality manner.

Well-being from lunch

Dylan's legendary lunches make the whole body smile. The restaurant offers a fresh salad buffet, homemade hot dishes, tasty soups, and house-baked bread.

Dylan uses seasonal ingredients and prepares food in its own kitchen without sparing care and love. Charming taste experiences on every visit!

Cycle to work – yes please!

Aallonharja is pro-cycling and the premises reflect it: showers, locker rooms, drying rooms and bicycle maintenance rooms are all available for the tenants. We also offer electric bicycles free of charge to attend customer appointments sweat-free. You can always sweat in the gym; it is always open!

Gym 24/7

The gym in the basement of Aallonharja's B-building is always available to our tenants. Have a morning workout to start the day, or do a full-length Crossfit workout after office time.

Community garden and gardening club

A breath of fresh air in a green oasis in the afternoon? You can. Community garden found in the yard cheers up all property users and at the same time serves as the home of the free of charge gardening club.

Sauna facilities

The renovated sauna facilities of Aallonharja offer moments of relaxation and togetherness for all tenants and their guests. A unique log sauna on the roof floor of building D, Helmin sauna, charms with its soft steam and its lavish scenery.

Central location

Aallonharja's office premises are located in Otaniemi, Espoo, at the heart of Finnish engineering expertise and top innovation. The location has plenty of energy, networking opportunities and synergy benefits, especially for the technology industry.

Aallonharja is easily accessible either by car, bicycle or public transport.
